

REDRACING

Who We Are

RedRacing is Stony Brook's First Formula SAE team, founded in 2025 in a dorm room by a group of new engineering students who shared a love for Formula 1 and high-performance vehicles.

After joining the existing Baja SAE team, we realized two things: we wanted to pursue the technical challenge of a true formula-style car, and we wanted to build a team where students could learn hands-on from day one.

With over 30 members actively contributing to the design & production of the vehicle, our team has expanded tremendously over the last semester. What started as a few freshmen with an idea has evolved into a cross-disciplinary organization of mechanical, electrical, computer, software, physics, chemistry, and business students united around one goal: design, build, and compete with a Formula SAE vehicle on the international stage.

Our Mission

Build Stony Brook's First ever Formula SAE Internal-Combustion Race Car

Represent SBU at Formula SAE Michigan

Create a long lasting program and well respected legacy

Foster teamwork, leadership, entrepreneurship, and campus-wide technical collaboration.

Your Support

To build a competitive car and sustain long-term progress, we are seeking support and across several critical areas:

- Direct cash support
- Manufacturing and fabrication equipment
- Components and raw materials
- Technical mentorship and engineering guidance
- Industry expertise and skill-development

Why Partner With Us

RedRacing offers a complete, tiered sponsorship package. Our strongest sponsorship value is people: access to motivated, talented, and technically skilled students.

Partnership Opportunities:

1. Resume & talent access
2. Guest speaking, recruiting events, workshops
3. Branding on car, uniforms, website, social media
4. Access to premium merchandise
5. Regional visibility as the **only** FSAE team on Long Island
